## Portfolio

<https://sakthidharansportfolio.vercel.app/>

## Internship

### SBA HI-TECH Solutions

Jun 2023 – July 2023

Assisted in configuring and testing CCTV software, DVR/NVR systems, and monitoring applications. Performed software troubleshooting, system configuration, and real time video monitoring. Maintained system logs, prepared technical documentation, and supported reliable surveillance system operations.

## Projects

### Online Service Request Analyzer

Developed a MERN stack web application to streamline service requests with JWT based authentication and role based access control. The system enables users to submit, assign, track, and resolve requests through an intuitive interface. It includes an admin dashboard, real time analytics, search, filtering, and notifications to improve workflow efficiency and reduce manual effort.

### SmartFleet AI – Intelligent Fleet for Logistics Solution

Developed a full stack IoT enabled fleet and logistics solution using the MERN stack for real time vehicle tracking and operational automation. Implemented features such as vehicle health monitoring, toll gate monitoring, document tracking with expiry and missing alerts, and driver vehicle assignment. Built a centralized dashboard with real time analytics and secure authentication to improve fleet visibility and operational efficiency.

## Education & Learning

### Bachelor of Information Technology

CGPA : 6.72

Bannari Amman Institute of Technology,  
Erode

2023 – 2027

### Diploma in Computer Engineering

Percentage : 83.5%

Kongu Polytechnic College, Perundurai  
2021 – 2024

### SSLC

The Nest School, Sathyamangalam  
March-2021

## Skills

- Programming: Java, C, JavaScript
- Frontend: HTML, CSS3, React.js
- Backend & APIs: Node.js, Express.js, REST APIs
- Databases : MongoDB, MySQL
- Core Skills: Problem Solving, OOPs, Cloud Basics (AWS/Azure)

## Professional Skills

- Leadership
- Adaptability
- Team Collaboration

## Areas of Interest

- Full Stack Development
- Cloud Computing
- Internet of Things
