Passionate Full Stack Developer and IT student with skills in HTML, CSS, JavaScript, React, and backend technologies. Strong problem-solving abilities with a focus on delivering high-quality, scalable, and efficient solutions. Eager to apply technical expertise in an entry-level Software Developer role and contribute to innovative projects.

Projects

PeerNotes – Cloud-Enabled Note Sharing Platform

A cloud-based academic note sharing platform. Used React, Node.js, Express, MongoDB, JWT, Cloudinary, and Socket.io. Implemented teacher-first upload and secure student sharing. Integrated authentication, file storage, and real-time chat. Contributed as Quality Analyst with testing, docs, and deployment. Ensured smooth collaboration using Git and troubleshooting.

Internship

SBA HI-TECH
